## Introduction to Perspective Plan

A proactive role by the IQAC of an institution is crucial in maintaining the momentum of quality consciousness. NAAC and UGC assign the responsibility on the IQAC for planning, guiding and monitoring Quality Assurance (QA) and Quality Enhancement (QE) activities of the institution. With this background, the College IQAC has undertaken the task of designing a Perspective Plan for the period of five years commencing from academic year 2021 – 22 to academic year 2024 – 25 for a balanced growth. The quality indicators of different criteria determined by NAAC have been taken into consideration as the base to create Quality Radars and to make out milestones for the future.

In the preparation of the Perspective Plan, the Internal Quality Assurance Cell (IQAC) of the college has taken initiatives to obtain Inputs from all stakeholders viz, the management, Principal, the faculty, the administrative staff, students of the college, the Alumni Association of the college, the parents and the peer colleagues. Stakeholders' expectations, management policies, goals and objectives and the vision and the mission statement of our college and quality policy of the college are also considered as a base for formulation of the perspective plan.

The present Perspective Plan principally based on -

- i. The NAAC guidelines for ensuring quality aspects in the higher education
- ii. Vision and mission statement of the college
- iii. Quality policy of the college
- iv. Inputs from stakeholders
